

KARTHIKEYAN M

Computer Science and Engineering

About Me

Motivated recent graduate in Computer Science and Engineering, with strong foundational knowledge in Python, Java, C programming. Eager to apply academic training and internship experience to real-world challenges. Known for being a fast learner and collaborative team player.

Educational Background

BE. Computer Science and Engineering

Selvam College of Technology, Namakkal.
CGPA - 7.63

HSC

Government Boys Higher Secondary School,
Pallipalayam.
Percentage : 63%

SSLC

Government High School,
Avathipalayam.
Percentage : 79%

Projects

1) Project: AI Virtual Mouse using Hand & Face Tracking

Technologies: Python, OpenCV, MediaPipe, PyAutoGUI

Description: Developed a virtual mouse system using hand and face tracking to control cursor movements. Implemented gesture-based actions like clicking, dragging, and scrolling.

2) Project: SRG Stores Website Development

Technologies: WordPress, HTML, CSS, JavaScript, Elementor, Plugins

Description: Built a responsive e-commerce website using WordPress and Elementor. Integrated custom design and plugins for smooth navigation and better user experience.

3) Project: Phone Usage Category Classifier

Technologies: Python, Scikit-Learn, Pandas, NumPy, Flask, Joblib

Description: Developed a machine learning model to classify phone usage patterns. Deployed using Flask for real-time predictions.

4) Project: Village Management System

Technologies: HTML, CSS, JavaScript, PHP, MySQL, Bootstrap

Description: Created a web-based system to manage village records and services efficiently. Improved administration and communication processes.

5) Project: Automatic Fire Extinguisher

Technologies: Arduino, C/C++, Sensors, Relay Module, DC Pump/Servo Motor

Description: Designed an automated fire detection and suppression system using sensors and Arduino. Enabled quick response to fire hazards.

Experience

■ Full Stack Developer Intern — Training Trains

Software Technologies, Erode

Duration: 13/08/2025 – Present

Currently working as a Full Stack Developer Intern, contributing to real-time web development projects. Responsible for building and maintaining frontend and backend features, debugging issues, and implementing functional enhancements across the full development lifecycle.

■ Artificial Intelligence Intern — Training Trains

Software Technologies, Erode

Duration: 10/06/2025 to 15/07/2025

Worked on AI and machine learning projects, including data preprocessing, model building, evaluation, and deployment. Gained practical experience in applying ML techniques to real-world problems.

■ Full Stack Development Intern — Training Trains

Software Technologies, Erode

Duration: 26/12/2024 to 26/01/2025

Worked as a Full Stack Development Intern, gaining hands-on experience in building web applications using frontend and backend technologies. Worked on real-time tasks involving development, debugging, and implementing features across the full development cycle.

Tools

- VSCode
- Xampp
- Pycharm
- NetBeans
- Figma
- Github
- Wordpress
- Laravel
- Microsoft Tools
- AI Tools

Skill

- Leadership
- Python
- Java
- My SQL
- Communication
- Problem Solving
- Web Designing
- Video Editing
- Graphic Designing
- Vibe Coding

Languages

- Tamil
- English

Certificate

- Paper Presentations
- Workshop
- Boot camp
- Sports
